

Referenzen STAAB Programm

1. Wagner M, Tiffe T, Morbach C, Gelbrich G, **Störk S & Heuschmann PU**. Characteristics and Course of Heart Failure Stages A-B and Determinants of Progression - Design and rationale of the STAAB cohort study. *Eur J Prev Cardiol* 2017;**24**:468-479.
2. Tiffe T, Wagner M, Rücker V, Morbach C, Gelbrich G, **Störk S & Heuschmann PU**. Control of cardiovascular risk factors and its determinants in the general population- findings from the STAAB cohort study. *BMC Cardiovasc Disord* 2017;**17**:276.
3. Morbach C, Gelbrich G, Breunig M, Tiffe T, Wagner M, **Heuschmann PU & Störk S**. Impact of acquisition and interpretation on total inter-observer variability in echocardiography: results from the quality assurance program of the STAAB cohort study. *Int J Cardiovasc Imaging* 2018;**34**:1057-1065.
4. Morbach C, Gelbrich G, Tiffe T, Eichner F, Wagner M, **Heuschmann PU & Störk S**. Variations in cardiovascular risk factors in people with and without migration background in Germany - Results from the STAAB cohort study. *Int J Cardiol* 2019;**286**:186-189.
5. Morbach C, Walter BN, Breunig M, Liu D, Tiffe T, Wagner M, Gelbrich G, **Heuschmann PU & Störk S**. Speckle tracking derived reference values of myocardial deformation and impact of cardiovascular risk factors - Results from the population-based STAAB cohort study. *PLoS One* 2019;**14**:e0221888.
6. Müller-Scholden L, Kirchhof J, Morbach C, Breunig M, Meijer R, Rücker V, Tiffe T, Yurdadogan T, Wagner M, Gelbrich G, Bots ML, **Störk S & Heuschmann PU**. Segment-specific association of carotid-intima-media thickness with cardiovascular risk factors - findings from the STAAB cohort study. *BMC Cardiovasc Disord* 2019;**19**:84.
7. Tiffe T, Morbach C, Malsch C, Gelbrich G, Wahl V, Wagner M, Kotseva K, Wood D, Leyh R, Ertl G, Karmann W, **Störk S & Heuschmann PU**. Physicians' lifestyle advice on primary and secondary cardiovascular disease prevention in Germany: A comparison between the STAAB cohort study and the German subset of EUROASPIRE IV. *Eur J Prev Cardiol* 2019:2047487319838218.
8. Tiffe T, Morbach C, Rucker V, Gelbrich G, Wagner M, Faller H, **Störk S & Heuschmann PU**. Impact of Patient Beliefs on Blood Pressure Control in the General Population: Findings from the Population-Based STAAB Cohort Study. *Int J Hypertens* 2019;**2019**:9385397.
9. Morbach C, Gelbrich G, Tiffe T, Eichner F, Christa M, Mattern R, Breunig M, Cejka V, Wagner M, **Heuschmann PU & Störk S**. Prevalence and determinants of the precursor stages of heart failure – Results from the population-based STAAB cohort study. *Eur J Prev Cardiol* 2020; **in print**.
