First Announcement

31st Course on Microsurgery of the Middle Ear

February 25th – February 27th, 2019

Department for Otorhinolaryngology,
Plastic, Aesthetic and Reconstructive Surgery
University Clinic of Würzburg/Germany

Director: Univ.-Prof. Dr. Dr. h.c. R. Hagen

Welcome to Würzburg

Dear Colleagues,

Microsurgery of the middle ear is one important part of our specialty. Besides classical tympanoplasty procedures, indications and special interventions for surgical hearing restoration experienced an enormous progress by the rapid development of new prosthetic and technical devices up to cochlear implantation and implantable hearing aids.

The surgical courses by the University ENT Departments of Bochum and Würzburg, established since 1988, have become an essential part in the education of starting and advanced middle ear surgeons. Based on active research and broad clinical experience these courses represent the actual state of knowledge in the field of hearing restoration.

The complete spectrum of ear surgery is presented via high definition 3D transmitted live surgery from two surgical theatres, active training is offered by standardized temporal bone exercises. Basic knowledge as well as diagnostic and therapeutic details are presented by experts.

Certainly, Würzburg offers much more than a surgical course. Take the advantage to explore Würzburg's historical sites by visiting ancient locations and enjoy the world-famous Franconian wine.

We are looking forward to welcoming you in Würzburg and to experience a scientifically and personally enriching meeting.

Prof. Dr. S. Dazert

Prof. Dr. Dr. h. c. R. Hagen

Programme

Monday, February 25th to Wednesday, February 27th, 2019

- ▶ **Live surgery in 3D HDTV projection:**
Demonstration of different approaches and microsurgical techniques in live surgery: tympanoplasty, ossiculoplasty, stapes surgery, cholesteatoma surgery, cochlear implants, active middle ear implants, surgery for Ménière's disease and acoustic neurinoma surgery
- ▶ **Introducing lectures:**
e.g. indications for surgery, pre-operative diagnostics, local anesthesia, postoperative care
- ▶ **Special lectures:**
e.g. tympanoplasty, otosclerosis, cholesteatoma, Ménière's disease, cochlea implantation, acoustic neuroma, active middle ear implants
- ▶ **Temporal bone excercises**
- ▶ **Workshop audiology and electrophysiology**

Chairmen

Univ.-Prof. Dr. S. Dazert
Director of the Univ. ENT Department Bochum

Univ.-Prof. Dr. Dr. h. c. R. Hagen
Director of the Univ. ENT Department Würzburg

Organization

Priv.-Doz. Dr. K. Rak, Würzburg
